THE REAL QUESTION.

The real question of disease is "Can I be cured?" If you or anyone dear to you is losing strength, flesh, energy and vitality, if you are wise you will not spend time trying to figure out just what name to call the disease by.

It is almost impossible to draw the line where debility and weakness merge into consumption. Your trouble may not be consumption to-day, but you don't know what it *may become to-morrow*. Hundreds of people have been restored to robust health by Dr. Pierce's marvelous "Golden Medical Discovery" after reputable physicians had pronounced them consumptive beyond hope.

Were they in consumption? Nobody can ever know. The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Dingman, of Vanburen, Kalkaska Co., Mich., in a most interesting letter to Dr. Pierce. "I had pain in my left side and back, and had headache all the time. I tried your medicine and it helped me. Last spring I had a bad cough; I got so bad I had to be in bed all the time.

"My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had taken one bottle the cough was stopped and I have had no more of it returning. Your medicine is the best I have taken."

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain sealed envelope, absolutely free. His nearly 40 years experience as chief consulting physician of the Invalids' Hotel, at Buffalo, N. Y., has made him an expert in chronic diseases.

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

WEAK HEARTS

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

### ENGINEER DEAD IN CAB.

The "Fast Flying Virginian," of the Chesapeake and Ohio Railroad, which leaves Jersey City over the Pennsylvania Railroad for the south every evening, was, unknown to the passengers aboard, in grave danger Sunday night. There was a tragedy in the cab. Since the facts have become known the officers of the railroad have gone over the schedules, marveling at the narrow chance by which a disastrous wreck, with loss of life, was averted.

The Fast Flying Virginian pulled out of Jersey City at 5:25 o'clock Sunday evening. The train is a heavy one, made up at this time of year usually of eight cars. It always attracts notice dashing through Jersey towns, from the color of its coaches, which are painted a canary yellow. There was a large number of passengers aboard Sunday night, and the day coaches, which are at the head of the train, were especially well filled.

The train's first stop is at Princeton Junction. Trenton was reached a few minutes before 7 o'clock, and Daniel Mahoney, the engineer, swung down from the cab there and walked around the locomotive to oil the machinery. A heavy thunderstorm had just spent itself, but others were piling black clouds in the west, and, early as it was, it was dark.

Scarcely had the train passed out of the cut through which the railroad runs in Trenton and across the bridge into Morrisville, when Mahoney detected the odor of burning waste and sang out to his firemen that they had a hot box. The firemen went and leaned against the engineer's seat.

"Do you guess she'll carry us to West Philadelphia?" he asked.

"I reckon so," Mahoney replied, and put his head through the window, leaning far out looking down at the smoking journal.

His companion went back to the red glare of the firebox door, and after he had clanged it shut climbed to his seat on the other side of the cab. Within a few minutes he saw the indicator in the steam-gauge swinging back rapidly. The locomotive was rocking and shaking viciously. Glancing out of the window he saw trees and fences and telegraph poles flashing by and signal lights brushing yellow and red scars across the the landscape. He looked at his watch and saw the train was on time, but, realizing that an engineer knows his business better than the man who shovels coal, he slid down and set about making up the steam the locomotive had lost. When he had a moment's rest he looked up and saw that the train was making more than 60 miles an hour.

As he stood looking out a red light flashed by, and after a moment another. He glanced questioningly at the engineer, who in the gloom of the cab seemed to be bending over the throttle.

"For God's sake, check her, Dan!" he called out. "You've gone by two red bugs."

There was no answering movement from the engineer, and when the locomotive had dashed past a third danger signal, the fireman, understanding, finally, that something was wrong, climbed onto the bench at Mahoney's side. He saw in a moment, dark as it was, that the man was dead. His head had been crushed and was hanging from the cab window.

The fireman grasped the airbrake lever and the throttle and brought the runaway locomotive to a stop before the network of switches and sidetracks outside of Philadelphia was reached. The passengers knew nothing of their danger, and, as the firemen took the train on into Germantown junction, even the conductor did not know of the accident until the station was reached.

Mahoney must have leaned too far from the cab when he was watching the hotbox, for apparently his head struck a post, and he must have been killed instantly.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Perfection Mosquito and Fly Canopies.

Why be annoyed by mosquitos and flies when it can be prevented by a very small expense and no trouble?

We call special attention to the fact that the "Perfection" 5-coil canopy springs have been THOROUGHLY TESTED in tension, action, power and endurance, and found that they will lift any grade new net to a perpendicular position against the head board, and will also undergo the strain of being fastened down, day and night, continuously for many months without showing signs of weakness, when properly adjusted. They are small in diameter; noiseless in operation; look neat and pretty; are not clumsy nor in the way; are strong and durable, and the most perfect canopy springs ever put on the American market.

Made in all sizes and can be adjusted to either metal or wood beds.

Have us put one up for you, and after one week's trial if not entirely satisfactory we will take it down and refund your money.

Negro's Paradise.

The Washington correspondent of the Richmond Times-Dispatch says:

"There is no place on this earth quite so sweet to the average negro as the city of Washington. It is a negro paradise, a promised land to those who long to come and those who arrive have to admit it's a land of fulfilment. The negro has all his rights here and some more. He generally manages to occupy rather more than the space a passenger is expected to take in a street car, and he needs more room on the sidewalk than is taken by the Anglo-Saxon. I have frequently seen every white man standing in a car in order that the women may have seats, and at the same time several women hanging on to straps, while big, strong negroes had comfortable seats. I have often seen negro men in Washington keep their seats when white women entered a crowded car, and allow them to stand, though every white man was on his feet. But when a negro woman entered the darkies would rise at once and offer their seats to their dusky femininity. The regular visitor to the departments, where the corridors are crowded with sleek, well-fed negro messengers not one of whom aggregates one day's work in the course of a month, comes to feel a contempt for the negro who is constantly on the look-out for such positions where the pay is good and the duties are light. But the negro is not so much to blame as the party that puts him on the government payroll without requiring services in return. Negro men with white wives are not so very rare in the District of Columbia. It is said that a negro who has a good position in one of the departments is the husband of a white woman. This couple recently created a sensation by taking a house in a portion of the city occupied solely by whites, and the lease had to be canceled because of the opposition. Fred Douglass and his white wife used to be seen on the streets of Washington every day. It is a remarkable fact that nobody can be found in Washington who ever saw a white man with a negro wife.

Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S. Leadbeater & Sons, druggists at 50c a bottle.

Pleasantly Effective.

Never in the way, no trouble to carry, easy to take pleasant and never failing in results are DeWitt's Little Early Risers. These famous little pills are a certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Cure Jaundice. Sold by W. F. Creighton, & Co., 401 King street.

Soothing and Cooling.

The salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. Dewitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by W. F. Creighton & Co., 401 King street.

CORDIAL INVITATION
ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls

Miss Abby F. Barrows

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and monthlies were irregular, I had been to several doctors, and they did me no good.

"Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right.

"I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, AUG. 15, 1905.

THE NEWS comes from Washington that a recent examination made by Commissioner Greene, of the United States Civil Service Commission, in the Internal Revenue Service in North Carolina, Tennessee and Kentucky reveals, he says, the fact that those who are not republicans refuse almost without exception to take the civil service examinations in those States. He attributes this to a general conviction there that the federal offices belong to the dominant political party. This may all be a revelation to Commissioner Greene, but it is not so to many others. Indeed few democrats ever present themselves for the civil service examination in any of the States, and for good reasons. Commissioner Greene refers, and apparently with surprise, to the fact that in the Danville (Ky.) district out of 173 persons who are known to have taken the examination since the inauguration of McKinley in 1897, only two were democrats. Only two; well it would be safe to wager that these did not land in a snug harbor. Even had they, a way would soon be found to get rid of them, civil service or no civil service. Mr. J. E. B. Stuart, one of the late converts to the republican party, or, as Mr. John S. Wise so aptly termed all such, "apostates for the price of their apostacy," only last week gave practical proof of the ease with which all democrats can be dismissed from the customs service in the South. If there were many democrats in the federal offices in this revenue district when Collector Summers entered upon his duties, it is not generally known; certainly there will be few in the future under the regime of Colonel Slemp and his son.

DURING THE past few days "circulars" have been distributed through this city, most of them attacks upon Mr. Swanson, one of the candidates for Governor. The election is but a week off and as Mr. Swanson is in another part of the State he cannot answer them. Similar attacks have heretofore redounded to Mr. Swanson's interest and there is no reason to believe that the last circulars will have any other effect. Voters should not be led astray by eleventh hour circulars.

GEN. JOHN GILL, of Baltimore, is 64 years old today and he was presented 64 Golden Gate roses with the felicitations of the officers and employes of the Mercantile Trust Company, of which he is president. Mr. Gill is the pleasant gentleman who some years ago settled the Yadkin Valley Railroad bond matter by which "settlement" the bondholders were losers of a very large amount. It is not probable that those bondholders contributed to the purchase of the roses.

IN CHICAGO on Saturday a man returned home intoxicated and his wife told him to jump into the lake and drown himself. "All right," said the man, "I'll do just that," and he did it. If other worthless, drunken husbands would so comply with their wives' wishes if not commands, the world would be none the worse off.

IN SPITE of the work of federal and city authorities and the efforts of the citizens, the fever plague is gaining in New Orleans although it is kept in check in the surrounding region. Yesterday twelve deaths occurred and fifty-four new cases, with eight new foci, were reported.

A GREAT many young men and maidens sat up last night "to see the eclipse of the moon." If an eclipse could be arranged every pleasant night of the summer season a great many young couples would surprise astronomers by their interest in the science of the stars.

JUDGE PLUMLEY, at Northfield, Vt., as referee in the French claims against Venezuela, allowed $686,612 of the $8,215,245 demanded. Is there any wonder that Venezuela resists the claims of her foreign creditors?

THE ECLIPSE of the moon scheduled for last night came off all right, though in this section of the country it was total instead of partial, the sky being overcast all night, obscuring all the heavenly bodies.

Washington, D. C., August 15.

The twenty-first annual convention of the Society of American Florists and Ornamental Horticulturalists convened in this city this afternoon at 2 o' clock Carroll Institute Hall was gaily decorated and was well filled with nearly 3,000 delegates and visitors, when District Commissioner Macfarland made the address of welcome. J. A. Valentine, of Denver, Colo., made the response. With the address of President J. C. Vaughan, of Chicago, Ill., the convention was opened for business. Reports of officers followed. Elaborate arrangements have been made for the convention. National Rifles Armory and the Masonic Temple have been converted into flower gardens, filled not only by the choicest production of local and near-by florists, but bountifully contributed to by the Department of Agriculture. These exhibitions were thrown open to the public this morning. Tonight will be the president's reception given under the auspices of the local florists' club. A barbecue and lawn fete will be held on Loeffler's lawn near the outskirts of the city. The lawn has been decorated with all the graces of floriculture.

An important step in the pending investigation of refrigerater lines and their practice was taken by the Interstate Commerce Commission today when it ordered the defendant railroad and refrigerator lines in six complaints to make answer to same on or before September 5 and to submit in connection schedules showing the charges for the refrigeration of fruits and vegetables en route. The investigation purposses to develop whether or not the charges are reasonable and just; which the railroads failed to make public the rates for refrigeraiors; whether these charges are really discriminations and preferences, one shipper being held to higher rates than other shippers. All these points are made in the pending charges. The charges involve refrigeration from California to Missouri river points, from the South to the East, and through a number of southern states.

General Oswald H. Ernst, member of the Panama canal commission, who accompanied Chairman Shonts on his recent trip to the isthmus, said this morning that probably a year will elapse before the "dirt will begin to fly," to use the expression employed by Mr. Shontz. "If any criticism is to be made of the policy so far used in the canal work," he said, "it is a premature effort to begin the digging. There is almost a year's work ahead in preparing habitations and accomodations of all kinds for 20,000 men. A city is to be built, stretched over 47 miles of tropical country There must be houses, hospitals, traffic accomodations, docks, cold storage plants, sewerage systems and other institutions established before the proper force of men can be put to work actually excavating the canal." The resignation of W. E. Dauchy, engineer in charge of the Culebra division, came as no surprise to Mr. Shonts and the other members of the commission. Mr. Shonts will remain in New York for a day or two attending to Panama railroad affairs. The board of consulting engineers, composed of foreign and American experts, will meet in this city about September 1. Chairman Shonts and the members of the commission now in the United States will make another trip to Panama about the first of October. The consulting engineers will be invited to accompany them.

The local grand jury which is investigating the cotton leak scandal of the Department of Agriculture this morning resumed its hearings of the testimony after a two week's vacation, which was taken on advice of District Attorney Beach in the hope that former Statistician John Hyde, who is now in Europe, would return in time to appear before that body. The District Attorney, however, has now given up hope that Mr. Hyde will return in time to be of service in the investigation. C. C. Clarke, chief clerk of the Bureau of Statistics, gave testimony from numerous records of the bureau. Mr. Lewis Mercer, formerly associated with Frederick A. Peckham and Mrs. Peckham in the New York cotton manipulations, was aslo a witness.

It was admitted at the War Department today that charges against Capt. Taggart, who is suing his wife for divorce at Wooster, Ohio, have been pending since April, and that charges preferred a year ago against Gen. Miles have been dismissed by the chief of staff. Miner is the complainant against Taggart. Taggart was the complainant against Miner. "It is against the rule of the War Department to give out the nature of these charges," said Military Secretary Ainsworth today. "Nothing will be said about them, unless they come out in the trial. The charge against General Miner was considered and no further action was deemed necessary."

The authorities on the isthmus have reported no additional cases of yellow fever in four days. During that period there have been three recoveries.

### Dr. Thacker Would Deed House Back

Mrs. Thacker, wife of Rev. Dr. J. Ernest Thacker, of the Second Presbyterian church, and children have returned from their summer trip to Dixondale Gloucester county, and one of the prominent members of her husband's church states that she said that Dr. Thacker knows of no property having been left him, through will, deed or otherwise by Mrs. Finck, the wife of Henry Finck, of this city—who has recently been wrought up by being told that his deceased wife gave away by will, or otherwise, $27,000 worth of the property which he himself had accumulated, and which he had deeded to her to ensure her maintenance if he should die before she did. Mr. Finck was told this by Mrs. Heinz, now of Chicago, on her visit here several weeks ago, soon after Mrs. Finck's death—Mrs. Heinz saying that Mrs. Finck had left her (Mrs. Heinz), by will, most of the property named, at Mr. Finck's demise, and that she (Mrs. Finck) had also given to Dr. Thacker (but not in the Heinz will), the Finck family residence and grounds at Duke street and Duncan avenue, Norfolk. Mr. Finck has since seen the Heinz will (which is to be disputed in court), but has not located any paper leaving or giving Dr. Thacker any property. Mrs. Thacker is quoted as saying that if said property has been given to her husband he will deed it back to the Finck estate. Dr. Thacker himself, who has been spending his vacation in Boston, will return home this week.—[Norfolk Ledger.

### Proposed National Assembly.

St. Petersburg, Aug. 15.—The plan of organization of the proposed national assembly has been forwarded to the governors of all the districts of Russia. The ministry of the interior is keeping the terms of the project strictly secret, but it is known that the scheme as now outlined differs in many particulars from the original Bouligan assembly. The opinion was expressed today by an official that the draft for an assembly prepared by M. Bouligan, "would not satisfy the population at this time, while a year ago it would have been accepted with great joy."

The Governors of five States will be present, at the opening of the National Reclamation Congress in Chicago, tomorrow. Senator Cullom it is expected will express sentiments of President Roosevelt on the question of reciprocity and the tariff.

## News of the Day.

Mrs. Sarah Frances Leigh Pegram, widow of Captain Robert B. Pegram, of the Confederate States navy, died in Newport yesterday, 80 years old.

Chairman Shonts, of the Panama Canal Commission, who is back from the Isthmus states that provision for the housing and supplying of the workmen must precede the actual digging of the waterway.

The Interstate Commerce Commission is about to take steps to require all railroads engaged in interstate commerce to increase the minimum percentage of airbrakes used on freight trains to as great an extent as conditions of equipment will permit.

Yesterday's record of new cases of typhoid fever in Washington reported to the health department is the largest for any single day since the present outbreak began. Thirty-two new cases were reported, with three recoveries and two deaths, which brings the total number of cases now under treatment up to 237.

W. E. Dauchy, who was the engineer in charge of the Culebra division of the Panama canal work, and an appointee of former Chief Engineer Wallace, has resigned. He left for New York yesterday. The engineering operations on the canal are now suspended pending sanitary work. Many employes will return to the United States during the idle period.

William Crum, the colored Collector of Customs at Charleston, S. C., who is a summer visitor, with his wife, at Asbury Park, tried yesterday to hire a wheel chair for his wife for a ride on the boardwalk. The proprietor refused to order any of his white lads to push the chair, but said Dr. Crum might have one if he would himself wheel his wife. Crum declined to do so.

In a head-on collision two miles from Macon, Ga., between a northbound Central of Georgia passenger train and a southbound freight yesterday afternoon two were killed and four were so seriously injured that death will probably result. Although many were badly shaken up, but one of the passengers was seriously hurt. The wreck was caused by a misunderstanding of orders.

The authorities of Seville, Spain, have dispatched reinforcements to the Ossuna district to cope with the anarchistic conditions there, arising from depredations committed by the famine-stricken peasants. Bands of laborers are pillaging the farms and slaughtering and carrying off cattle and sheep, and the proprietors of the farms are terrorized. The marauders are so numerous that the gendarmes are quite powerless to prevent the sacking of villages and homesteads.

Two negroes were killed outright and three fatally injured yesterday near Oakfield, 18 miles southwest of Cordele, Ga., by a woodsman for the Oakfield Naval Stores Company named Malfis. In consequence of a quarrel with Malfis seven negroes waylaid him as he started on his rounds. Three miles east of Oakfield he was confronted by the negroes, armed with clubs and weapons. Malfis opened fire with a revolver. Two negroes dropped dead instantly and three others fell to the ground mortally wounded. By the time Malfis could reload the other two fled.

### Damaged by Lightning.

One of the most severe storms of the summer swept over Norfolk and vicinity yesterday afternoon, the rainfall being very heavy and doing considerable damage. Lightning wrecked the steeple of the Queen Street Methodist Church, the bolt striking near the top of the spire, and in plunging through to the base of the structure, shattered the rafters and the covering of the steeple in several places. The bolt also struck the doors to the main entrance of the edifice, the fastenings being smashed, but the doors were uninjured, Lightning struck a high-power feed wire of the electric system in Norfolk, completely stripping the wire of all covering. During the storm an ornamental chimney at the home of F. S. Roster was struck by a bolt of lightning and demolished, and a portion of the roof was torn away. Lightning also struck the oil house of the Atlantic Coast line at Pinners Point, and the entire oil supply was destroyed. Chief Clerk O. F. Cook was stunned and a yard master shocked, and the rails in front of the structure were badly damaged. Eight big trees were struck by lightning in the Naval Hospital park and damaged.

Petersburg and vicinity were visited Sunday night by one of the heaviest rain storms on record there. Reports received are to the effect that the storm was very severe in the neighboring counties, where corn and fencing were blown down by the wind, and the tobacco crop badly washed by the heavy downpour of rain. At Birdsville, Prince George county, five hogs belonging to J. H. Brock well were killed by lightning.

### Captain Stuart's Axe.

Attorney W. E. Barrett, of Newport News, and Congressman Maynard, of that congressional district, returned yesterday from Washington, where they filed a complaint of alleged unjust discrimination by civil service employes against Capt. J. E. B. Stuart, collector of customs at Newport News. The complaint has to do with the recent changes in the local custom-house, when four democrats were dischaaged and two reduced to the ranks.

Mr. Barrett said that the commission has listened to the complaint and will send Special Commissioner Greene there Wednesday to investigate the matter

Captain Maynard went to Washington in the interest of Hiram Sherman, Geo. W. Stringfield, Frederick Barrett and George W. Kellum, inspectors, who, by Collector's Stuart's recent order, will be dropped from the customs service, and Edward Eubank, deputy collector, and Edloe Morecock, chief inspector, who will become ordinary inspectors. Eubank's place will be filled by Rufus Powell and Morecock's by M. M. Vipond, both republican leaders.

Capt. Stuart ran for the city democratic committee in Newport News a few years ago and was beaten in his home ward. Shortly afterward he turned republican. He now holds the position of Collector of Customs at Newport News, with a fine salary. He was recently appointed U. S. Marshal, but after a short service, was made collector at Newport News, the marshalship being an office rather beyond Mr. Stuart's capacity.

Miss Lulu Yates, one of the most talented musicians of western Pennsylvania, died in Warren, Pa., today of spotted fever. This is the second death from the malady in Warren this year.

## Virginia News.

Mrs. Elizabeth Culpeper died at her home, in Scottsville, Norfolk county, Sunday, in the sixty-second year of her age.

The large modern roller mill in Charlotte county belonging to C. Morgan Hailey was burned by lightning Sunday night, with 2,000 bushels of grain. The loss is $10,000.

Mrs. Virginia A. Lawhorn, widow of Preston A. Lawhorn, died yesterday in Charlottesville. She was a Miss Eubank, of Nelson county, and was in the eightieth year of her age.

More than $1,000 has already been paid in Madison county for United States license taxes for distilling brandy, and it is stated that as much more will be paid before the season is over.

Samuel, son of Thomas Holmes, near Millers Tavern, was instantly killed by lightning Sunday. The electric storm was very severe and has burned out the telephone at that place for the third time this summer.

Abraham Cohen, one of the best-known business men in Richmond, and prominent socially in Jewish circles, died Sunday. Mr. Cohen was manager of the Cohen Art Store. He was born in Metz 57 years ago.

Harden Boothe, one of the most popular firemen on the Washington Division of the Chesepeake and Ohio Railway, died Sunday night at the Martha Jefferson Sanitorium, at Charlottesville, after an illness of several weeks.

Mr. George Mason, mayor of Colonial Beach, has been declared the democratic nominee for the House of Delegates from Westmoreland and Northumberland counties. Mr. Mason is a son of the late Major Julian J. Mason, of King George.

John Maddigan was held for trial in Winchester yesterday on a charge of lashing Mrs. Charles Mullikin, of Pagebrook, Clarke county, across the back with a whip while driving along one of the principal thoroughfares of Winchester. Mrs. Mullikin was with her husband and a party of friends in an automobile, and as they passed Maddigan's team the latter, who was intoxicated, leaned over and lashed her with his whip. Much excitement followed the affair and a great crowd scrambled for admission to the courtroom.

### That Richmond Primary.

Judge S. B. Witt, of the Hustings Court, of Richmond, refuses to permit the publication of the minority grand jury report, supposed to contain sensational revelations of irregularities and frauds in connection with the recent primary in Richmond. In response to the telegram sent to him Saturday night by Messrs. Baughman, Lathorp and Clark requesting permission to make the paper public Judge Witt today wired briefly, but to the point, "No." The minority members of the jury thereupon issued a statement which is, in part, as follows: "The facts are that important information developed during the investigation which we believed the very comprehensive charge delivered by the judge to us and our individual oaths made before him required us to present to the court as additional information to that contained in the other report submitted. This information was embodied in our paper, and it was read to the entire grand jury during its deliberations, so that it was known to every member of the jury when we went into the court that it was our purpose to present the paper to the court. We believe that the other report contained only a part of the information which we were charged by the judge to report to the court, hence our additional report, which the judge declined to hear, read or to accept."

It is reported that the publicity of the minority report at this time would greatly affect the chances of prominent democratic candidates and that its opposition by the majority was on this account. Robert C. Kasey, a clerk in the land office, declares that he heard Capt. John A. Curtis tell a man that the report, if made public, would help Governor Montague's chances for the United States Senate, and that is why it was suppressed. Captain Curtis denies the charge. Kasey is a Montague man, and Curtis a strong supporter of Senator Martin.

### Affianced Couple Killed.

Harry Lindsley, deputy police commissioner of New York city, and Miss Evelyn Willing of Chicago, were killed at Pikes Crossing, near Bennington, Vt., yesterday when the automobile in which they were traveling from Manchester, Vt., to Williamstown, Mass., was struck by a train on the branch division of the Rutland Railroad from North Bennington. Ambrose Cramer, of Chicago, the young nephew of Miss Willing, and J. Adamson, the chauffeur, were thrown out and badly cut and bruised, but not dangerously. The accident occurred shortly after 4 o'clock yesterday afternoon as the party were traveling up a steep grade leading over the crossing. Mr. Lindsley and Miss Willing occupied the rear seats of the car, a big touring machine. The boy and the chauffeur were in front. There is a curve near the crossing and Adamson states that he did not see the train until it was upon them. The locomotive fender struck the rear seat of the automobile, which was thrown about 60 feet. The locomotive left the rails and plowed over the sleepers for nearly 100 feet. Lindsley was killed instantly and Miss Willing survived the accident but a few minutes. The engineer and fireman of the locomotive jumped and escaped injury. Miss Willing and Mr. Lindsley were to have been married next week.

### Progress With Treaty.

The Russo-Japanese peace envoys discussed the first three articles of the peace treaty yesterday and all were agreed upon, the first, relating to the future of Korea, being somewhat modified in its language.

The second article is believed to relate to Russia's evacuation of Manchuria.

The crucial test of the treaty may be deferred several days.

In St. Petersburg official and public opinion is that Russia is not a crushed power, and unless Japan lessens her demands, particularly as to the indemnity and cession of territory, it would be better for the war to continue.

Japanese papers generally expect Russia to refuse to accept the proposed terms.

It is stated that Korean merchants are complaining that they are being greatly embarrassed by the Japanese financial reforms.

## Today's Telegraphic News

### The Peace Conference.

Portsmouth, N. H., Aug. 15.—"I cannot conceive that peace will not grow out of these negotiations." This was the utterance of Hon. Oscar G. Strauss, former United States Minister to Turkey, and one of the American representatives at The Hague court of arbitration. The statement followed the conference which Mr. Strauss and his four Hebrew colleagues had last night with M. Witte and Baron Rosen, relative to the condition of their race in Russia. Exactly what transpired at that meeting is not positively known. The statement given out at midnight by Mr. Seligman, who acted as spokesman, showed many erasures and interlineations. It made no mention of a question affecting the war, but had assumed the presence of three representatives of big Wall street banks which was availed of by the Russian envoys to feel the financial pulse in view of the possible eventuality of Russia requiring money in the near future, either to continue the war or meet Japan's bill for the cost of war. Mr. Strauss declared that he was firmly convinced that Japan and Russia both desired peace.

The members of the party, besides Mr. Strauss and Isaac N. Seligman, were Adolph Lewisohn, Jacob H. Schiff, of the firm of Kuhn, Loeb & Co., and Adolph Kraus, the editor of a Jewish publication in Chicago. They constituted a committee of five representatives of the Hebrew societies of the United States who for the past few years especially have been aggressively laboring to secure reforms for members of their race in Russia. M. Witte was much impressed by the presentation of the case of the Hebrews and gave them assurances that he would do all in his power upon his return to Russia to better the conditions of the Jews there, and make the laws less stringent upon them. M. Witte was the more sympathetic in his attitude toward the committee because his own wife is a member of the down trodden race.

Portsmouth, N. H., Aug. 15.—Isaac Seligman, of New York, who came here on a mission of mercy on behalf of the Jews of Russia, did not leave Portsmouth as early this morning as he intended. Before he had retired shortly after the conference with M. Witte, he received a request from the Russian envoy for a further interview. This interview took place early this morning before breakfast. It is believed that the subject under consideration directly concerned financial matters.

The conference commenced in the council room at the navy yard very nearly at the appointed hour, 9:30, after the usual salutations had been exchanged. It is understood that the postponed acquisition by the Japanese of the Chinese Eastern Railway was the first subject to be taken up.

Portsmouth, N. H., Aug. 15.—It is understood that the Russian envoys are awaiting advices from St. Petersburg as to the course of action they shall take in reference to Japan's demands. It is thought if Russia can receive assurances of a moderate cash demand and an equitable financial adjustment of the railroad question, the Czar may be brought to view with more equanimity the cession of Saghalien, which has up to this point been one of the greatest obstacles in the way of peace. There is, however, grave doubt that Japan contemplates modifying in any degree those demands which involve the fruits of victory. In other words, Japan may insist upon the absolute transfer of the Chinese railroad and the cession of Saghalien, treating them as separate and distinct propositions.

It is now reported that the Russians have accepted in principle the Japanese demand for the session of the Chinese Eastern Railway, but that there are a number of controversial points upon which reservation have been made and which will have to be discussed later before a final agreement can be reached.

Portsmouth, N. H., Aug. 15.—At 1:50 p. m. Siebert, a second secretary of the Russian embassy at Washington, made the following official statement on behalf of the peace envoys: "In the morning session of August 15, the conference has discussed articles 4 and 5. Article 4, was unanimously agreed upon. Not being able to arrive at a unanimous decision on article 5, the plenipotentiaries have decided to take note of divergence views and to proceed with the discussion of the other article. Meeting will be resumed at 3 p. m."

The first snag in the even flow of consideration of the Japanese peace terms was struck, at this morning's session. The obstruction was laid aside temporarily, and will be reached again later.

Article 5 was the one upon which the Russians and Japanese failed to agree, and the best available information is that it contains the Japanese demand for the cession of the Chinese Eastern Railway. Article number 4, it is understood, was the transfer of the Russian leases of Port Arthur and Dalny.

St. Petersburg, Aug. 15.—The correspondent of the Publishers' Press is in a position to state that Russia may agree to the cession of the southern part of Saghalien as one of the terms of peace.

London, Aug. 15.—The correspondent of the Publishers' Press is informed that Whitelaw Reid, the United States Ambassador to Great Britain, holds the opinion that the peace negotiations which are now in progress will reach a successful conclusion.

### Earthquake in India.

Lahore, India, Aug. 15.—As the result of the great earthquake which was felt throughout this region recently, a large lake was formed in the Kangra district of the Punjaub, in the Kangra valley. This lake has now overflowed its banks and wiped out an entire village. No detailed report as to the casualties caused by the flood has yet been received, but nine deaths have already been reported. A great amount of damage was done to the crops in the section overflowed.

### Governor Montague's Canvass.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Aug. 15.—Governor Montague is figuring on the railroad connection from Lexington to Alexandria, so as to speak at the latter place tomorrow night. He can hardly make it, as he speaks at Lexington at noon. His present intention is to close the campaign with a big meeting at Danville on the night of August 21.

### Yellow Fever.

New Orleans, August 15.—The city has settled down to phlegmatic work in a long fight against the mosquito and but little excitement exists even among the most timid.

The sanitary organization, of which there is one in each of the seventeen wards, is determined to have all the cisterns of the city screened despite all opposition. Altogether there were thirteen new cases discovered in the parishes outside of the city limits yesterday.

The resort at the West End, where the summer theatre has been running all the year, is nightly patronized by crowds quite as large as usual. Arrangements are being made to open some of the theatres of the city on or about September 1. There have been a total of 166 deaths out of 1,018 cases up to last night, making the death rate only 16 per cent. There were 51 cases and 18 deaths yesterday. Accepting the mosquito theory as most intelligent people do here, this mortality serves to quiet rather than to disquiet the citizens.

Up to noon today 13 new cases of yellow fever and five deaths from the disease were reported. Very few reports are coming in for investigation.

Dr. John Guiteras arrived here today and says he believes the fever will be entirely stamped out within forty days.

### Assistant Secretary of State.

Oyster Bay, N. Y., Aug. 15.—If Secretary Root intends to appoint Col. William Carey Sanger assistant Secretary of State, he has given President Roosevelt no hint of that purpose. As the head of the State Department, however, Mr. Root will be given an absolutely free hand, and may make as many changes as he deems advisable. Col. Sanger has been a close friend of Secretary Root for many years, and during the latter's service as Secretary of War was his assistant. The fact that Mr. Root and Col. Sanger are now traveling together in Labrador, lends plausibility to the report that the appointment is imminent, but it is likely that Mr. Root would not make the announcement before consulting the President about the matter. Assistant Secretary Francis B. Loomis, whom Col. Sanger would replace were he to receive the appointment, will place his resignation in Mr. Root's hands as soon as the latter returns to Washington. It is even possible that he has forwarded the resignation to Mr. Root since the latter started on his northern trip, but as this action is alway taken by subordinate officials when there is a change at the head of their department, it does not necessarily follow that Mr. Loomis is to leave either by request or by his own volition.

No visitors were received at Sagamore Hill today.

### Railroad Accidents.

Wilmington, Del., Aug. 15.—Slippery rails, following a heavy rain, caused a trolley car to jump the track at a curve near Newcastle this morning. Motorman Henry Holschumaker was internally injured by being thrown on the controller, and John M. Wilson, of the Hoffman Construction Company, Philadelphia, and Alice and Jennie Hendricks and John Gardner, of Newcastle, received severe injuries.

New York, Aug. 15.—William Vassey, a switchman, whose home was at Nicetown, Pa., was injured this morning while working in the yards of the elevated line at 198th street and Webster avenue and died shortly afterwards. Vassey was employed in the yards as a switchman and while making a coupling was caught between two cars. He sustained a compound fracture of the skull.

### The Taggart Divorce Case.

Wooster, Ohio, Aug. 15.—The scene at Col. Miner's dinner party at Fort Leavenworth was acted out at the morning session of the celebrated Taggart divorce trial, today. It was at this dinner that Miner is accused, according to testimony, of having pinched Mrs. Taggart's leg. Mrs. Taggart was put in a chair at the trial table in the position she occupied at the dinner. Lawyer Smyser, her attorney, sat at the end of the table in the position Miner occupied that night. The demonstration was intended to show that Miner, from where he sat, could not have reached beneath the table in the way he is said to have done, without attracting Captain Taggart's attention. From the subject of Miner's dinner, the cross examination passed to a cotilion Mrs. Taggart gave.

### Affairs in China.

Birmingham, Eng., Aug. 15.—The Post states that it has excellent authority for saying that the Chinese government, after a consultation with Great Britain and France, has appointed three British and three French officers to superintend the reorganization and development of the state arsenals in China.

St. Petersburg, Aug. 15.—According to advices received from the front, the Chinese who had begun to return to their homes, after being driven out, owing to the activity of the armies in Manchuria, are on the move. This time the Chinese are migrating to the westward, in consequence of important maneuvres which have been commenced by the Japanese.

A volcano in active operation has been discovered in Rye Patch, Humboldt county, Nevada.

### Charged With Murder.

Chicago, Aug. 15.—State warrantt were prepared by Justice Caverly last night naming George Lawrence, alias Bennett Marsh, formerly employed as chauffeur for various wealthy Chicago people, for the murder of William Bate, the young chauffeur, whose body was found over the steering gear of an automobile, at a lonely spot in the road two and one half miles beyond Lemont, at daylight the morning of November 19, 1904. John V. Bate, president of the Mitchell Motor Car Company, of Racine, Wis., father of the victim of the celebrated murder mystery, will arrive in Chicago from Racine today, and will sign the warrants.

### Teacher Assassinated.

Warsaw, Poland, August 15.—A high school teacher named von Oborski, who had been employed by the secret police, recently denounced fifteen scholars saying they were engaged in the propogation of revolutionary ideas. These students were arrested upon information given by the teacher. This morning as von Oborski was leaving his house, he was accosted by an unknown person who stabbed him five times with a dagger.

### New York Stock Market.

New York, Aug. 15.—The course of the market during the first hour was called irregular. There was a timidity about the bids that gave the tone an appearance of weakness, and the way a number of stocks were supplied led the room traders to take a position on the bear side. Then the buying suddenly became aggressive and prices advanced.

### TELEGRAPHIC BREVITIES.

The Standard Oil Company has declared a quarterly dividend of $6 a share, payable September 15, to stock of record August 18. This makes $30 a share declared so far this year, against $29 a share in the same time last year; $32 in 1902, and $40 dollars in 1901. The dividend declared at this quarter in 1904, 1903, and 1902, were $5 a share.

### Charge Against a Virginian.

Stephen C. Dolan, 29 years old, who says he lives at Eighth avenue and Forty-eighth street, New York, and has only one day in that city, where he landed from Virginia, his native State is a prisoner in the west Forty-seventh street Station, charged with attempting a daring robbery in broad daylight at Forty-sixth street and Broadway. Richard Hannibal, a negro bellboy at the St. James Hotel, on West Forty-fifth street, is the complainant. According to Hannibal's story, he was coming out of the branch of the Mechanics and Traders' Bank, at Forty-sixth street and Broadway, about 2 o'clock yesterday afternoon. He had just put $200 in bills in his pocket, and had $3.50 in silver and a quantity of postage stamps in his hands, when, as he told the police, Dolan attacked him, knocked him down and attempted to rob him. The attack caused a crowd to collect in a hurry, and among those who composed it were Detectives Kreutzer and Fitzpatrick, of the west Forty-seventh street station. They arrested Dolan and escorted him to the station-house. He denied the negro's story, and said he had accidentally bumped into Hannibal. The prisoner was sent to the West Side Court.

### Croker's Daughter Elopes.

According to a cablegram from Paris, Miss Florence Croker, the youngest daughter of Richard Croker, has eloped with Louis San Martino, a young Italian merchant. Miss Croker is known to possess a considerable fortune in her own right, some placing it as high as $250,000. The family always was liberal to her, and her brother Frank, who died leaving about $600,000, was known to have made financial presents to her of great value. She received a careful education in the Convent of the Sacred Heart in New York. She lived a secluded life. It is declared by those who know her family that Florence Croker never read a novel or lovestory until after her fifteenth year. In addition to her study at the convent, she was tutored at home by a governess and also by her mother, who was once a schoolteacher. Miss Croker went abroad with her mother after the funeral of Herbert Croker, whose death followed so closely on that of his brother Frank, who was killed in an automobile accident in Florida. She is a very pretty girl.

### Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. ## Local Matters.

### Sun and Tide Table.

Sun rises tomorrow at 5:13 and sets 6:55. High water at 8:14 a. m. and 8:39 p. m.

### Weather Probabilities.

For this section thunder showers this afternoon, tonight and probably Wednesday; light to fresh south to southwest winds.

### Departure of Light Infantry.

Company G, Seventieth Virginia Regiment (Alexandria Light Infantry), left via the Southern Railway at 7:50 o'clock this morning for Basic City, where the regiment, acting under orders from the adjutant general of the State, will go into camp until August 22. The command was composed of Capt. P. J. Murphy, First Lieutenant Windsor W. Demaine and 65 members. A number of people accompanied them to the depot. At Charlottesville the company will join the other companies composing the regiment, and will proceed to Basic City over the Chesapeake and Ohio Railway. A number of the Alexandria soldiers had been apprehensive lest they would not reach home in time to participate in the democratic primary to be held a week from today, but it was stated last night that they would be allowed to leave Basic City in time to reach here before the polls close. Maj. James E. King, Dr. A. A. Rittenour, assistant surgeon, and Dr. Carroll W. May, all of this city, will be on duty at the encampment.

The following are the companies composing the regiment that will go into camp: A, B, C, F and H, of Richmond; L, Fredericksburg; E, Lynchburg; M, Danville; G, Alexandria; I, Farmville; D, Charlottesville, and K, Staunton.

The field and staff is as follows: Colonel George Wayne Anderson, Richmond; Lieutenant-Colonel W. J. Perry, Staunton; Major C. Gray Bossieux, Richmond; Major J. E. King, Alexandria; Captain and Quartermaster, J. C. Bosher; Lieutenant and Commissiary of Subsistence, W. E. Thompson, Richmond; Lieutenant and Ordnance Officer, Leland Rankin, Richmond.

Battalions' staff—Lieutenant and adjutant, R. E. Norvell, Richmond; lieutenant and surgeon, Dr. Truman A. Parker, Richmond.

2. Lieutenant and adjutant, Samuel A. Shadrach, Danville; lieutenant and surgeon, Dr. Julian C. Robinson, Danville.

3. Lieutenant and adjutant,——Howard, Culpeper; lieutenant and surgeon, Dr. A. A. Rittenour, Alexandria.

Music during encampment will be furnished by the Stonewall Band of Staunton. Inspections, marches, drills and scouting work will figure in the daily routine.

### Railroad Construction.

The work of constructing the line of railroad from Washington to Great Falls is being pushed forward with vigor. Materials and implements required for the road are shipped over the Bluemont branch of the Southern Railway to Vienna, and then transported by teams over the eight miles of road to points along the line of the new railroad. The work of grading and bridge construction has now been completed from the southern end of the Aqueduct bridge almost to Vienna, a distance of about eighteen miles, and while it is supposed that the road is being built for and will be operated as an electric road, everything is being done in such a thorough and substantial manner that it will be possible for it to be operated as a steam road, and, in fact, it is believed that this is the ultimate purpose of the projectors, the Wabash road being named in this connection.

The electric road, which was extended from West Falls Church to Vienna during the winter, is now in successful operation, and the branch from Vienna to Fairfax is a very great accommodation to those living or having business at the court house.

### Personal.

Mr. Stephen Taylor and family left today for a ten-days' sojourn at Colonial Beach.

Messrs. John and George Proctor have returned from a pleasant visit to Colonial Beach.

Miss Rosa L. Sherwood has gone to Woolsey, Prince William county, to spend a few weeks.

Miss Minnie Thaler has gone to Colonial Beach to spend a few weeks.

Mr. and Mrs. P. F. Downey have returned from a two weeks' visit to Johnstown, Pa.

Messrs. C. H. Ticer and M. B. Self have gone to Colonial Beach to be the guests of the Ramblers' Club, now there.

Misses Margaret Greene and Mary Nugent are visiting in Shepherdstown, W. Va.

Mr. S. G. Brent has returned from Orkney Springs, where his family is spending the summer.

A letter from Capon Springs says: "Tuesday evening a jolly straw ride, followed by an old-time Virginia supper at Capon Lake Inn, was given by Mr. Joseph Garr, of New Orleans, in honor of Miss Jessie Armstrong, of Alexandria, Va."

### Disorderly Negroes.

About two o'clock this morning the vicinity of Princess and Pitt streets was convulsed by a row among some negroes, male and female, during which three pistol shots were heard, while the shrieks of a woman rent the air. Several policemen hastened to the scene and arrested some of the parties. They were brought into the Police Court this morning, but their cases were continued in the absence of material witnesses. People living in the vicinity of the trouble say such scenes are common and sleep is often rendered impossible by the disorderly conduct of negroes who assemble nightly in the vicinity of certain saloons. The language used is disgusting, while the sound of pistol shots is common.

### Stranger Injured.

About half-past ten o'clock this morning Mr. Barnes, of Richmond, while walking on the south side of King street, a short distance east of Washington, was struck on the ear by what he supposed was a bullet fired from a curifle. Blood ran down Mr. Barnes's face, and he naturally became exasperated. He went to the station house where he reported the matter and Officer Roberts started to investigate. He discovered that the injury had been inflicted by a missile from a beanshooter in the hands of a boy. The latter was reprimanded, Mr. Barnes declining to prosecute him. The use of beanshooters within the city limits is not only an annoyance but a dangerous practice.

The mercury at noon registered 85°, while the humidity continues excessive and oppressive.

### The Primary Election.

The democratic primary election will take place one week from today. A candidate for Governor, Lieutenant Governor, Treasurer, Superintendent of Public Instruction, Secretary of the Commonwealth, Commissioner of Agriculture, Attorney General and member of the House of Delegates from this city and county will be selected. A meeting of the city democratic committee will be held at the Fleischmann Hotel tonight for the purpose of making the final arrangements. Up to noon today was the time at which candidates for the democratic nomination for the House of Delegates might file notice of their candidacy. Mr. James R. Caton, the incumbent, and Mr. John H. Trimyer were the only candidates who sent in their names, Mr. George E. Boteler having determined to retire from the race. A number of candidates for members of the city committee from the various wards also sent in their names.

The names presented for city committeemen were: First ward, O. F. Phillips, E. F. Thompson and J. M. Hill; Second ward, R. T. Cook and G. E. Price; Third ward, S. G. Brent and G. L. Simpson; Fourth ward, Chas. Bendheim and O. F. Carter.

### Rechabites.

Notwithstanding the inclemency of the weather last night, a large crowd of members of Perseverance Tent, No. 1098, Independent Order of Rechabites, met in regular meeting at Sarepta Hall, and after the regular routine of business, and the initiation of six candidates, they, with their visitors from Onward and Harmony Tents, of Washington, repaired to Mr. H. Bloch's ice cream parlors where refreshments were served. The following programme was rendered under the "good of the order:" Recitation, Miss Mary Ford, C. R., of Onward Tent; address by High Sec'y Cordell, of Harmony Tent; address by F. S. Frank Huffman, of Perseverance Tent; song by Mr. T. J. Sullivan, of Onward Tent; installation of Levite Jas. B. Hughes, by D. D. H. C. R., C. M. Griffin, of this city. This tent is steadily forging ahead, initiating five and six candidates at every meeting. A feature of these meetings is the social functions which are held weekly under the guidance of the committee, presided over by Mrs. J. H. Mansfield and Mr. W. L. Griffin.

### Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Harry Davis, colored, arrested by Officers Beach and Lyles charged with assaulting Lewis Baltimore, had his case continued. Davis is also charged with discharging a pistol in the street.

Harry Baker and Lou Taylor, both colored, arrested by Officers Bettis and Nicholson charged with trespassing upon the property of Roland Wilkinson, had their case continued.

George Geary, colored, arrested by Special Officer Mullin charged with drunken and disorderly conduct, was fined $2.50.

Pinkney Burnett, colored, arrested by Officers Beach and Lyles charged with escaping from the work house, was sent to jail for 20 days.

Nora Green, colored, arrested by the same officers charged with petit larceny, had her case continued.

Tim Wilson, colored, arrested for disorderly conduct was locked up for a hearing tomorrow.

### Firemen's Visit.

The Columbia, Reliance and Relief fire companies will meet tonight for the purpose of making the final arrangements for their visit to Harrisonburg tomorrow. The companies will leave here via Southern Railway at 7:55 a. m. and will reach Harrisonburg about 2:30 p. m. Twenty-five members of the Columbia will be in the party, 20 of the Relief and 20 of the Reliance. The Stonewall Band will meet the Columbia in Harrisonburg, and the Relief and Reliance companies will be accompanied by the Naval Gun Factory Band of Washington.

The game which was to have been played yesterday between the Virginias and Potomacs was forfeited to the former by a score of 9 to 0.

Wednesday—Invincible vs. Del Ray.
Friday—Oriental vs. Old Dominion.

### Robbery.

Captain Moore, of the barge McIlvaine, lying at the Bryant Fertilizer Company's wharf, reported yesterday to Officer Roberts that a man named Lilly, employed on the barge, had disappeared suddenly after stealing a gold watch and chain, a suit of clothes, a razor and a savings bank containing about $40. Lilly is supposed to have left the city, and the authorities of Washington and Baltimore were notified of the robbery and given a discription of the suspected thief.

### Took Him Back Home.

A young colored man named Gabriel Washington, suffering from dementia, was brought to the station house today by his father who wanted him confined till a commission could be held upon him. The father, however, was not satisfied with the cell in the station house in which it was proposed to confine his son, so he took him back to his home near Gum Spring, Fairfax county. The father will have a commission held upon his son at his home.

### Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back, 25c at E. S. Leadbeater & Sons drug store. Try them.

### Dangerous and Uncertain.

For sunburn, tetter and all skin and scalp diseases, DeWitt's Witch Hazel Salve has no equal. It is a certain cure for blind, bleeding, itching and protruding piles. It will draw the fire out of a burn and heal without leaving a scar. Boils, old sores, carbuncles, etc., are quickly cured by the use of the genuine DeWitt's Witch Hazel Salve. Accept no substitute as they are often dangerous and uncertain. Sold by W. F. Creighton & Co., 401 King street.

### Colored Boy Drowned.

A colored boy named Roscoe Russell, between 14 and 15 years old, son of William H. Russell, who is employed by Messrs. Chas. King & Son, and who lives at 307 north St. Asaph street, was drowned shortly after noon today in the dock in front of the Globe Mills, between Queen and Princess streets. The boy was bathing and got beyond his depth in the dock which had recently been dredged. The body was soon recovered and Dr. Delaney was summoned, but life was extinct when the doctor arrived. Justice Pelton, who is acting as coroner, was notified, but decided that an inquest was not necessary. The body was taken to Mr. B. Wheatley's undertaking establishment.

### Sewer Clogged.

As has heretofore been stated, the sewer at the intersection of Cameron and Union streets is clogged with mud, and every rain floods that vicinity. People who transact business on Union street experience considerable difficulty in moving about during rainfalls. The heavy downpour late yesterday evening flooded the intersection referred to above, and some people were detained at their places of business waiting for the waters to subside.

### Left at Colonial Beach.

In consequence of the U. S. steamboat inspectors sending the steamers Pocahontas and T. V. Arrowsmith away from Colonial Beach Sunday evening when their count showed each boat had its complement of passengers aboard, about 100 persons were left at the Beach overnight to return on the steamer Wakefield, which arrived here yesterday afternoon about 6 o'clock.

### Tugboat Sunk.

The tugboat George W. Pride, belonging to Capt. A. J. Fair, sunk last night in Mr. DeW. Aitcheson's dock a short distance south of Prince street. It is said that the blower valve was inadvertently left open, which allowed the water to enter. The Pride, it will be remembered, was badly damaged by fire about a year ago while lying in the dock adjoining the Washington ferry slip.

### Complimentary Excursion.

Captain E. S. Randall will tomorrow tender the union Sunday Schools of Alexandria a complimentary excursion to River View. A large number of scholars and teachers will accept the invitation. Scholars can obtain tickets from the officers of the several Sunday Schools.

### Lunar Eclipse.

The heavens were obscured by clouds last night; hence the eclipse of the moon could not be observed hereabouts. There were times when the satellite seemed about to emerge, but clouds chasing each other across the sky quickly eclipsed it.

### Meeting Tomorrow Night.

Capt. Joseph E. Willard will speak at the Opera House tomorrow night. The gallery will be reserved for the ladies and equipped with electric fans. A large audience is expected to greet Mr. Willard.

### LOCAL BREVITIES.

Services in connection with the holy day of obligation were held in St. Mary's Church this morning.

An adjourned meeting of the men's choir of St. Mary's Church was held at the Lyceum Hall last night.

There was another heavy downpour of rain early last night, accompanied by some thunder and lightning, after which the temperature became sultry.

Mr. E. Goldsmith has sold to Messrs. J. & H. Aitcheson a lot in the square bounded by King, Prince, Lee and Union streets for $175.

### Mix Up of Babies.

Unlike Little Buttercup she mixed these babies up and lots of people knew it, and inasmuch as the people who did know it were the mothers of the babies, there was an awful time of it until the babies got straightened out.

There was a bargain sale at a Sixth avenue department store in New York yesterday morning, and a number of mothers who couldn't shop and leave their babies at home at the same time, and who simply couldn't resist the sale, checked the youngsters at the baby-checking department.

Two of them that were a bit more strenuous than the others climbed out of their perambulators and, in trying to get in again, upset a number of other perambulators.

The occupants of the carriage were, of course, spilled on the floor and the attendants, having checked perambulator and baby as a unit, made the mistake of putting Mrs. Smith's youngest in Mrs. Brown's cart and doing the same all along the line of 20 carriages or more.

So when the mothers, having finished their storming of the bargain counters, returned for their offspring, there was the liveliest half hour that the baby checkers ever experienced.

Irene Smith, who, as might be imagined, is a girl and who is flaxen-haired, was given to Mrs. Brown, whose child is named Freddie (Freddie is a boy.) and is very dark. And there were other mixups.

Of course it was eventually straightened out, and the mothers departed with their own children but not until Policeman Thomas, who is probation officer for Magistrate Whitman, did the King Solomon stunt, and nipped several cases of hysterics in the bud.

### Agonizing Burns

are instantly relieved, and perfectly healed by Bucklen's Arnica Salve. C. Rivenbark, jr., of Norfolk, Va., writes: "I burnt my knee dreadful'y; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at E. S. Leadbeater & Sons druggists.

### Colic and Diarrhoea—A Remedy that is Prompt and Pleasant.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Taylor, a merchant of Winslow, Ala., writes: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy myself and also with men on my place, for diarrhoea and colic and it always gives relief promptly and pleasantly." # Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

For sale and recommended by all druggists.

JEWELRY.

# Rings for Everybody.
No matter what sort of ring you prefer you can surely select one to please your taste from among the trayfulls of rings we have here. We have a fine selection of signet rings in the latest and most favored designs and a large variety of handsome singlestone rings at popular prices, as well as a rich showing of the more elaborate and more expensive ones. And, besides, we can show you the handsomest line of watch chains and fobs that have ever been seen here. They are the Simmons make, which, as about everyone knows, are the standard of chain and fob quality in this country.
